Dear Bro Garrison

Desire to ask you if the Clergy of Boston or any part of the United States gave you or any of the movers in the Anti Slavery agitation any encouragement before the Movement became in a degree successful. The Clergy here are trying to make us believe that they have always been the main movers and leaders in all great reforms for the improvement of the human race, and especially in the temperance work. Our opinion is a few words would be gladly received just at this time. With great respect, I am

Your friend
